Dear Students and Family Members,

Welcome to Orientation 2013 at Coastal Carolina University! We are very excited that you are here and look forward to spending this time with you. Orientation is designed to help students prepare for college and to assist family members in understanding their student's transition. During a two-day period, you will be attending presentations and programs that have been specifically designed for students and families.

The Orientation schedule is designed to be your guide to campus for the next two days. In the following pages you will find both the student and family Orientation schedules. *You will notice that some of your programs are together while others are not. We ask that you only attend sessions that are on your schedule.* You will be given the same information throughout orientation and have plenty of time to speak with each other. *Please remember that students are required to attend all of their orientation programs and attendance will be carefully taken during some of our sessions.*

Within the schedule you will find the names and photos of the 2013 Orientation Leaders. Orientation Leaders are current Coastal Carolina University students who will serve as your liaison to campus. These students are campus experts and are here to assist you during the next two days. Please feel free to ask them anything.
