As a way to show our appreciation to the area educators and support staff, we would like to extend an offer to all CCU employees and their families. We are offering a 25% discount off eyeglasses and prescription sunglasses, as well as discounted exam services. We are a preferred Eyemed provider. For any staff member that may not participate in the insurance benefits, this is a great opportunity to take advantage of great product selection and superb exam services at a discounted rate. Thanks again.
